

# TAYYAB KHAN

## Full Stack Developer (Next.js) & WordPress Developer

Haripur, KPK, Pakistan | +92 344 8701627 | tayyabkhan122115@gmail.com | Portfolio: [tayyab-khan-portfolio.vercel.app](#) | LinkedIn: [linkedin.com/in/tayyab-khan](#)

### PROFESSIONAL SUMMARY

Full Stack Developer and WordPress Developer with 2+ years of hands-on experience building responsive, SEO-optimised websites and web applications. Skilled in Next.js, React, JavaScript, PostgreSQL, WordPress (themes, plugins, customisation) and Google AdSense integration. Proven record of boosting website traffic by 50%, securing AdSense approval for content sites, and delivering full-stack e-commerce and business platforms from concept to deployment. Currently completing a BS in Software Engineering, combining strong technical fundamentals with practical, client-facing development experience. Seeking to bring a reliable, detail-driven approach to a full stack or WordPress development role.

### KEY SKILLS

**Frontend Development:** JavaScript, React, Next.js, HTML5, CSS3, Bootstrap, Responsive Web Design, UI/UX, Wireframing

**WordPress & CMS:** Custom Theme Development, Plugin Development & Customisation, WordPress Site Migration, Site Optimisation

**Languages & Tools:** Java, Python, C++, Git & GitHub, VS Code, IntelliJ IDEA, Postman, XAMPP, Figma, Canva

**Other:** Machine Learning Fundamentals (NumPy, Pandas, Scikit-learn), Professional Documentation & Reporting

**Backend Development:** Node.js, PHP, Spring Boot, RESTful API Design, CRUD Operations, PostgreSQL, MySQL

**SEO & Digital Marketing:** On-Page SEO, Keyword Research, Google AdSense, Google Analytics, Content Strategy, Lead Generation Campaigns

**Quality & Methodology:** Agile & Scrum, Software Requirement Engineering (SRS), Software Quality Assurance (SQA), Testing & Validation

### PROFESSIONAL EXPERIENCE

#### WordPress Developer

2023 - Present (2 Years)

*Freelance / Remote - Online Projects*

- Designed, built and launched multiple blogging and business websites on WordPress, with custom themes and plugin configurations tailored to client requirements.
- Achieved Google AdSense approval on content websites by implementing SEO best practice, clean site architecture and quality content strategy.
- Increased organic website traffic by 50% through targeted SEO and keyword-driven content planning.
- Delivered a fashion blog approved by Google AdSense, achieving 20% higher engagement than comparable sites.
- Managed full website lifecycle including hosting setup, domain configuration, SSL implementation and ongoing maintenance for client sites.
- Ran digital marketing campaigns that increased client leads by 40% and revenue by 25%.

#### Full Stack Developer

2023 - Present (1 Year)

*Personal & Freelance Projects*

- Built Janab Home Delivery, a full-stack e-commerce and delivery platform using Next.js and PostgreSQL with order tracking and secure checkout.
- Developed a responsive personal portfolio website in Next.js with animated UI, project showcase and integrated contact form.
- Created a Travel Website with modern, user-friendly UI using HTML, CSS and JavaScript.
- Engineered a Library Management System using Java, Spring Boot and MySQL with full CRUD functionality and user authentication.
- Applied Google Analytics and Search Console across projects to track performance, user behaviour and conversion.

#### Full Stack Developer Intern

2 Months

*Four Designer Company - Karachi, Pakistan*

- Contributed to front-end and back-end development of live web applications within an agile team environment.
- Collaborated with senior developers and designers to build, test and maintain responsive, client-ready websites.
- Gained hands-on exposure to full-stack workflows, code review processes and production deployment.
